Graduate Frontend Developer & UX/UI Designer

PROFESSIONAL PROFILE

Graduate Web and UX Designer completing a BSc (Hons) in Web & UX Design in July 2026, with a previous Undergraduate Diploma in Computer Science. Experienced in designing and developing responsive digital experiences using Figma, HTML, CSS and JavaScript through university projects and personal work. Strong understanding of user-centred design, accessibility principles and responsive web development. Passionate about creating intuitive digital experiences and looking for an opportunity to contribute, continue learning and develop within a Frontend Development or UX/UI Design team.

TECHNICAL SKILLS & TOOLKIT

Design & UX

- UX/UI Design
- Interaction Design
- Wireframing
- Prototyping
- User Research
- User Journey Mapping
- Responsive Design
- Accessibility (WCAG)
- Figma

Frontend Development

- HTML5
- CSS3
- JavaScript

- Responsive Web Development
- GitHub
- Visual Studio Code

Creative Tools

- Adobe Photoshop
- Adobe Illustrator
- Adobe InDesign
- CorelDraw
- Dreamweaver

Methodologies

- User-Centred Design (UCD)
- Agile Working
- Qualitative and Quantitative User Testing

PROJECT EXPERIENCE

UX/UI Designer | Final Year Portfolio Projects

September 2025 – Present

- Designed responsive websites and digital interfaces for desktop, tablet and mobile devices.
- Created wireframes, user flows and high-fidelity prototypes using Figma.
- Applied accessibility standards and user-centred design principles throughout projects.
- Developed frontend implementations using HTML, CSS and JavaScript.
- Built reusable design components to maintain consistency across projects.

- Presented design decisions and project outcomes as part of university coursework and assessments.

Interaction Design & Research Projects

September 2022 – June 2025

- Conducted user research to identify pain points and improve user journeys.
 - Produced interactive prototypes and tested usability improvements.
 - Designed interfaces with accessibility and inclusivity in mind.
 - Applied responsive design principles across multiple project briefs.
-

WORK EXPERIENCE

Amazon Flex Logistics Driver | AJWL Logistics / Amazon

October 2024 – February 2025

- Used route-planning and logistics applications to manage deliveries and meet strict delivery targets.
- Worked independently to solve problems and adapt to changing routes and schedules.
- Maintained a high level of accuracy and customer service while working under time pressure.
- Developed strong organisational and time management skills.

Warehouse Operations Specialist | Various Employers

September 2024 – February 2025

- Worked within fast-paced warehouse environments to meet operational targets.
- Collaborated with colleagues to maintain efficiency and accuracy.
- Used digital inventory and tracking systems as part of daily operations.
- Adapted quickly to changing priorities and workload demands.

Freelance Logo Designer | Self-Employed

February 2016 – January 2019

- Worked with clients to gather requirements and understand branding needs.
 - Created logo concepts and visual assets based on customer feedback.
 - Managed projects from initial concept through to final delivery.
 - Developed strong communication and client management skills.
-

EDUCATION

BSc (Hons) Web and UX Design

Manchester Metropolitan University | Expected Graduation: July 2026

Relevant modules:

- User Research and Prototyping
- Responsive Web Development
- Interaction Design
- Technical Problem Solving
- Design Fundamentals

Undergraduate Diploma in Computer Science

Milton Keynes College | Graduated 2021

Relevant areas of study:

- Programming Logic
- Relational Databases
- Systems Analysis

GCE O'Level Certificate

National Computer College

PERSONAL INTERESTS

- BMX riding, skateboarding and bike maintenance.
 - Exploring emerging digital technologies and AI tools.
 - Keeping up to date with developments in web design and user experience.
